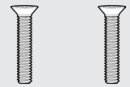
Fixture Assembly

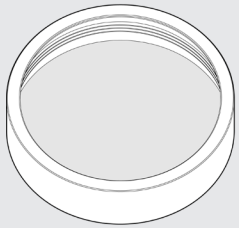


2x Machine Screw

Terminology

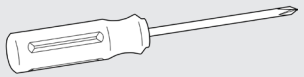
4x Set Screw

1/16 Hex Screwdriver

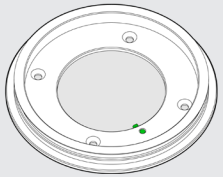


Fixture Body

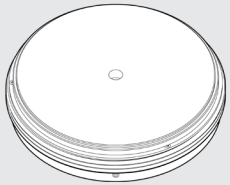
Stem



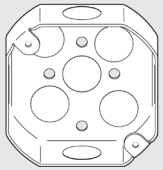
Phillips Screwdriver
(Not Included)



Backplate



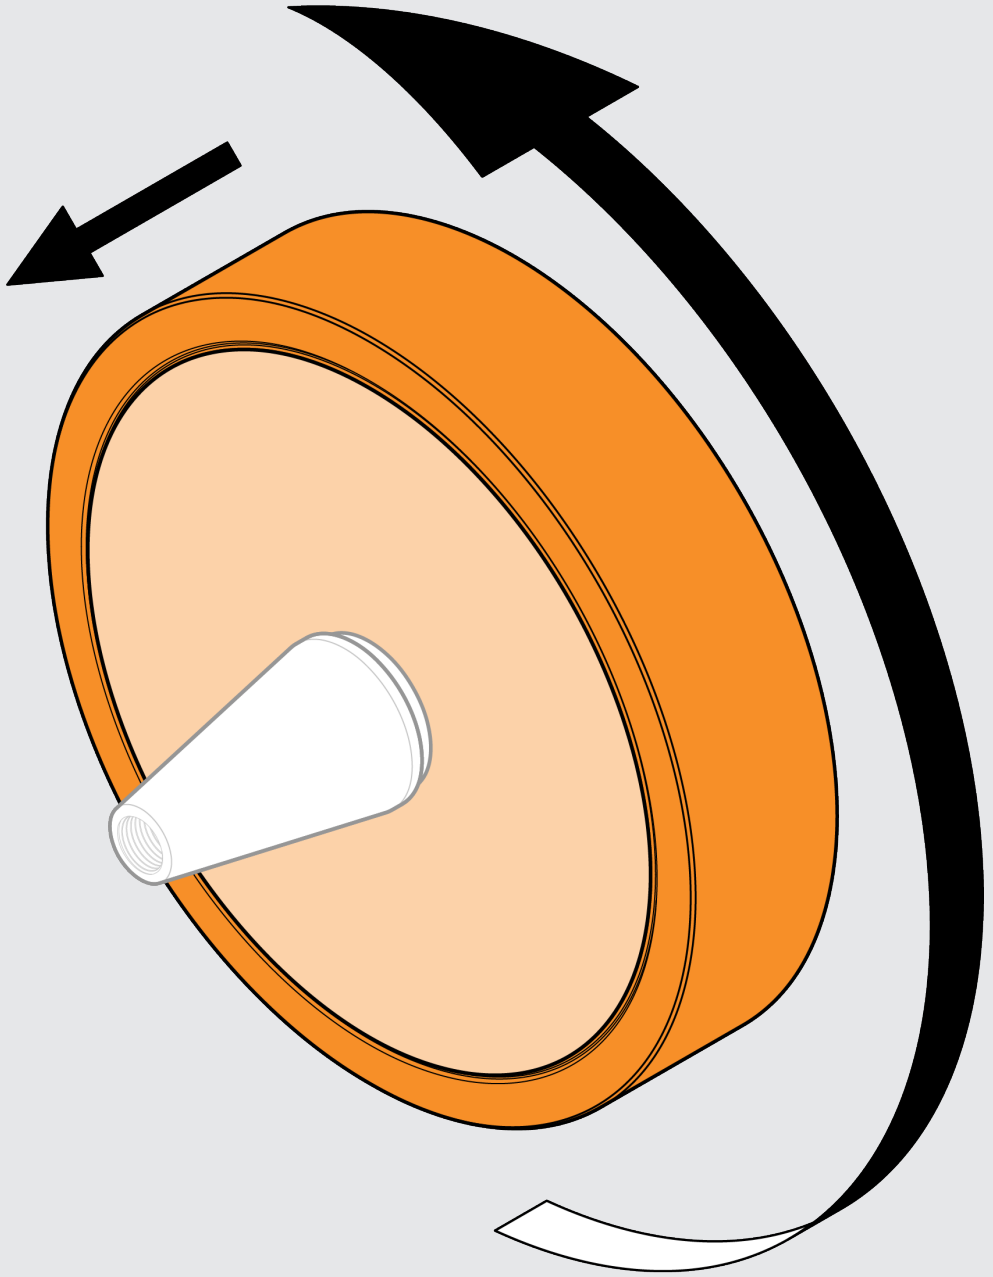
Fixture Socket



Junction Box
(Not Included)

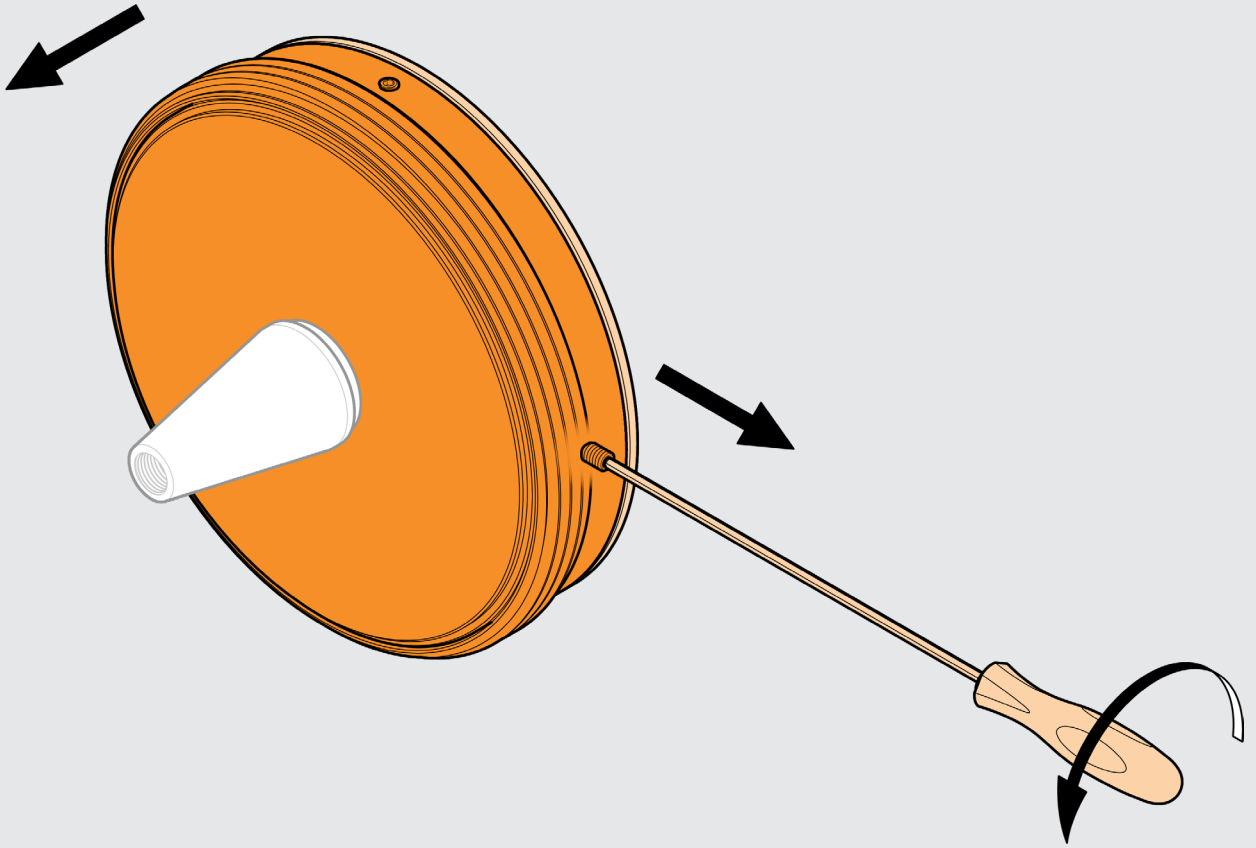
3

Unscrew the fixture body
from the fixture socket.



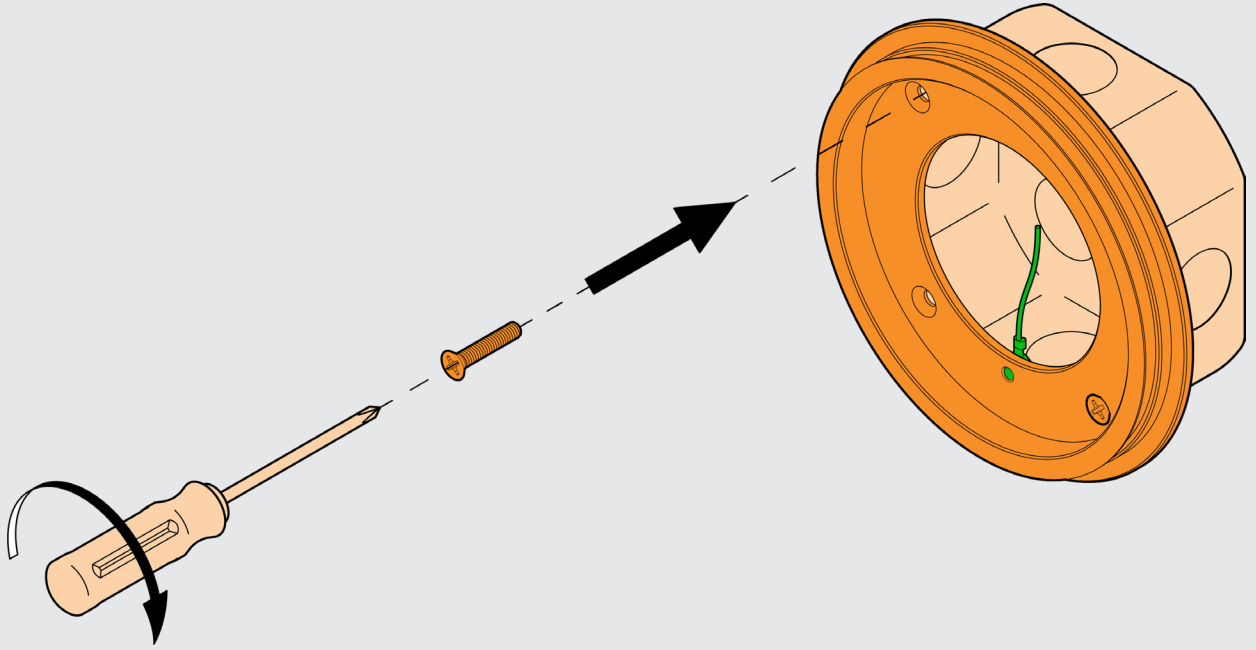
4

Using a hex screwdriver, loosen the four set screws on the fixture socket. Then, remove the fixture socket from the backplate.



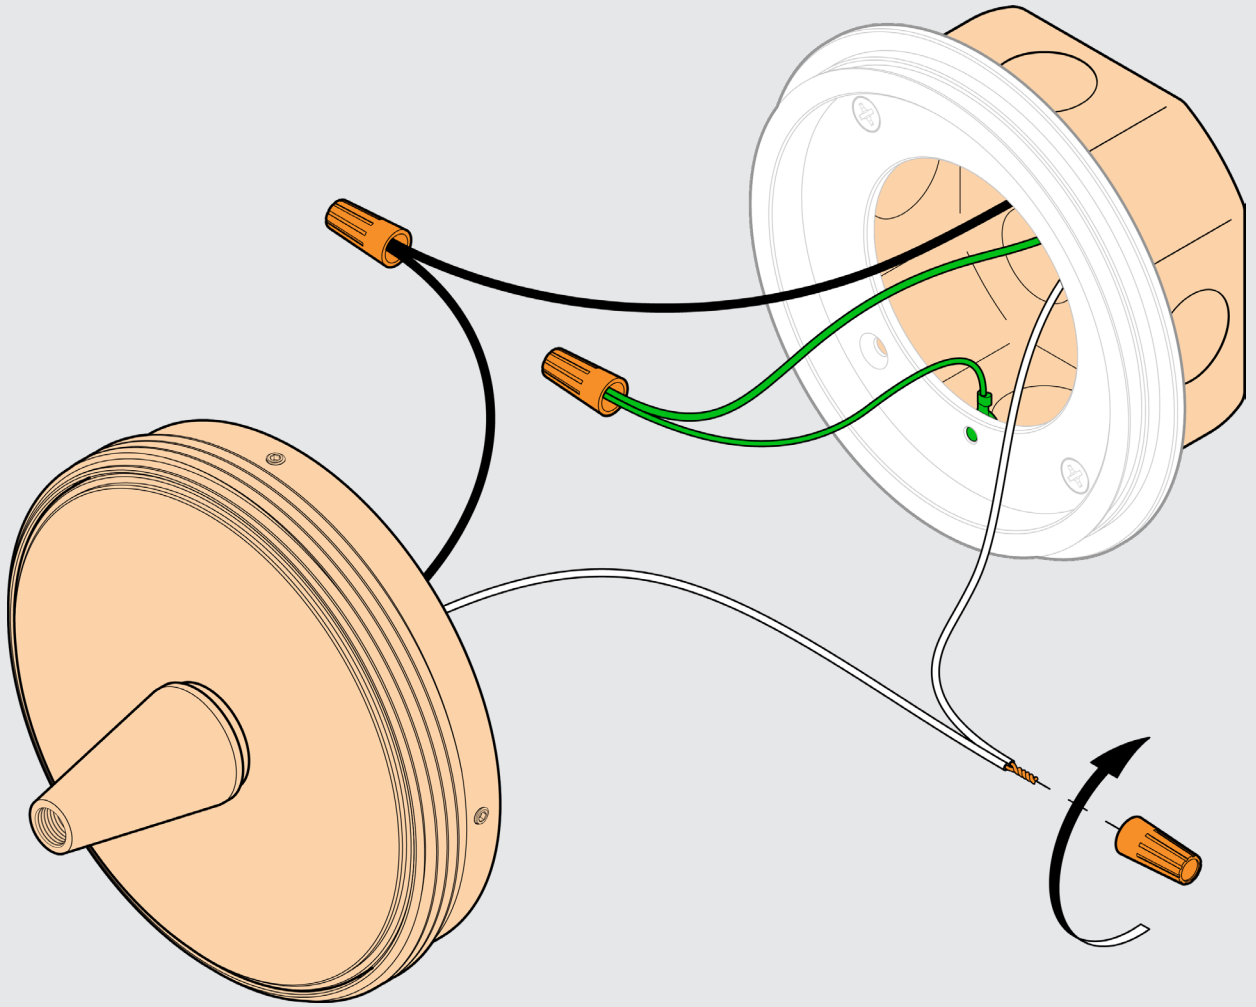
5

Mount the backplate to the junction box using the provided machine screws.



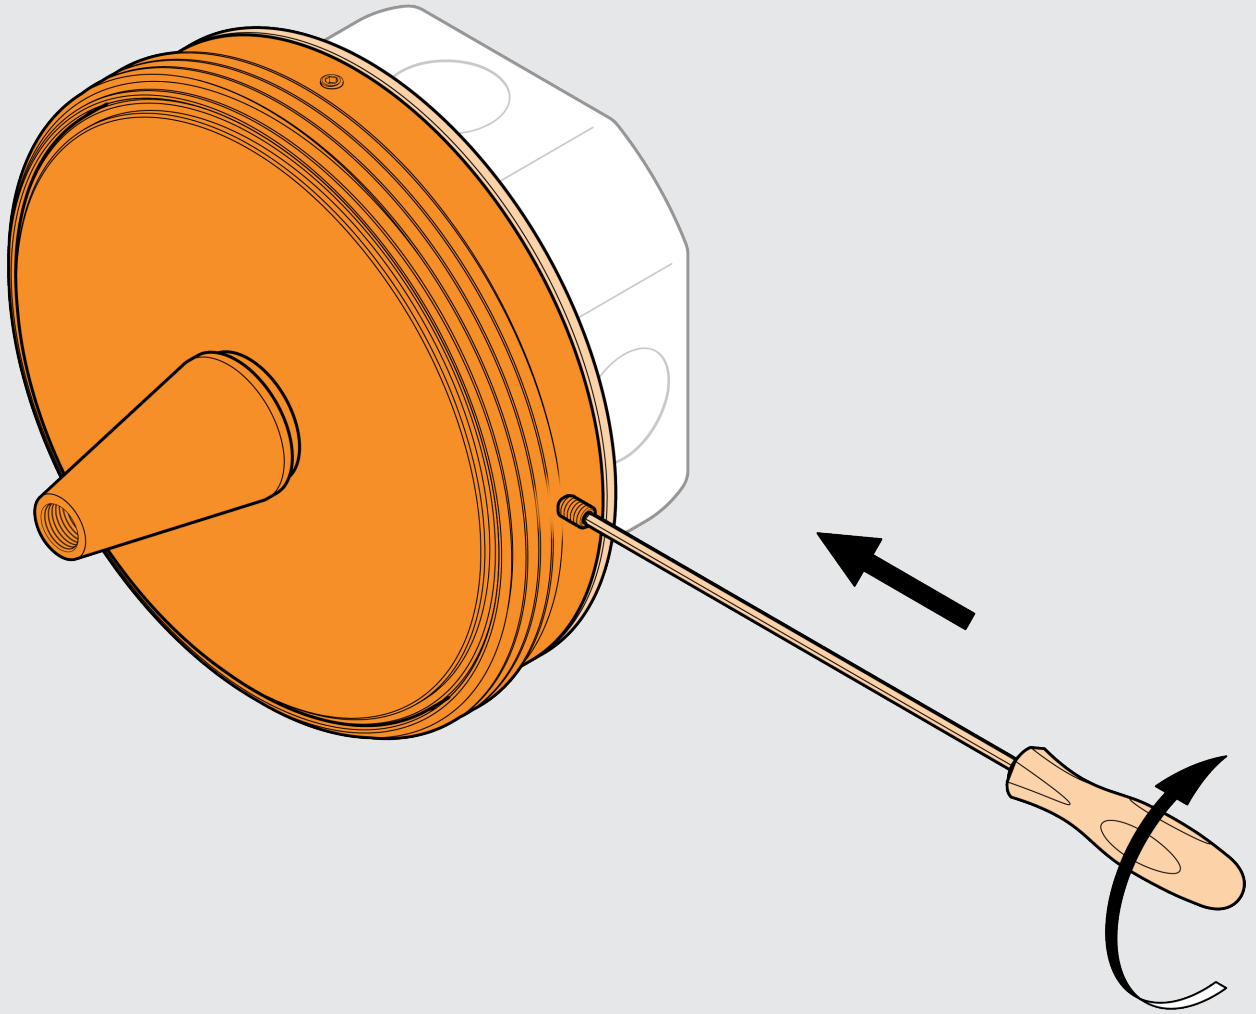
6

Connect the ground wire from the fixture to the ground wire from the junction box using a wire nut. Then, connect the wires from the fixture to the wires from the junction box using wire nuts.



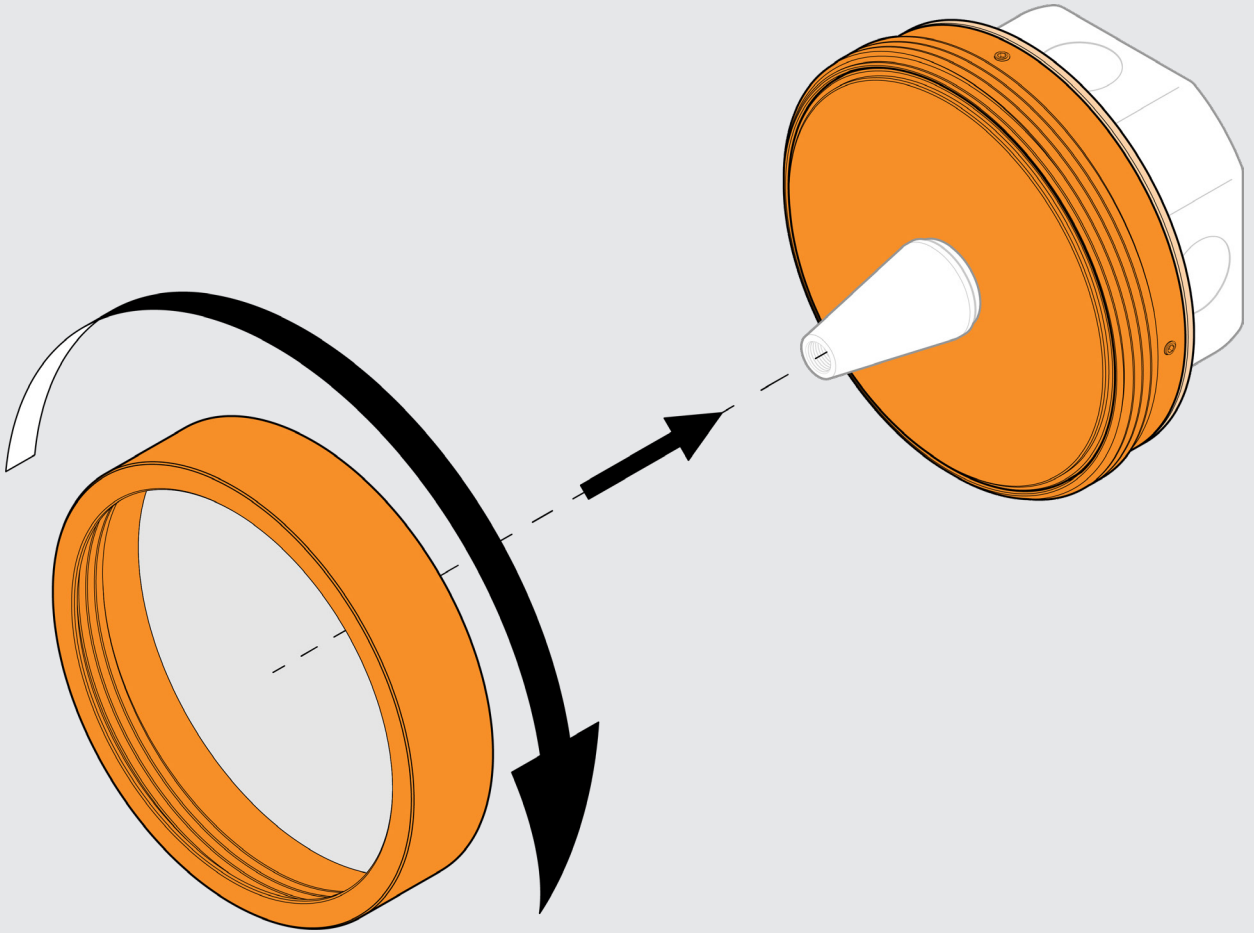
7

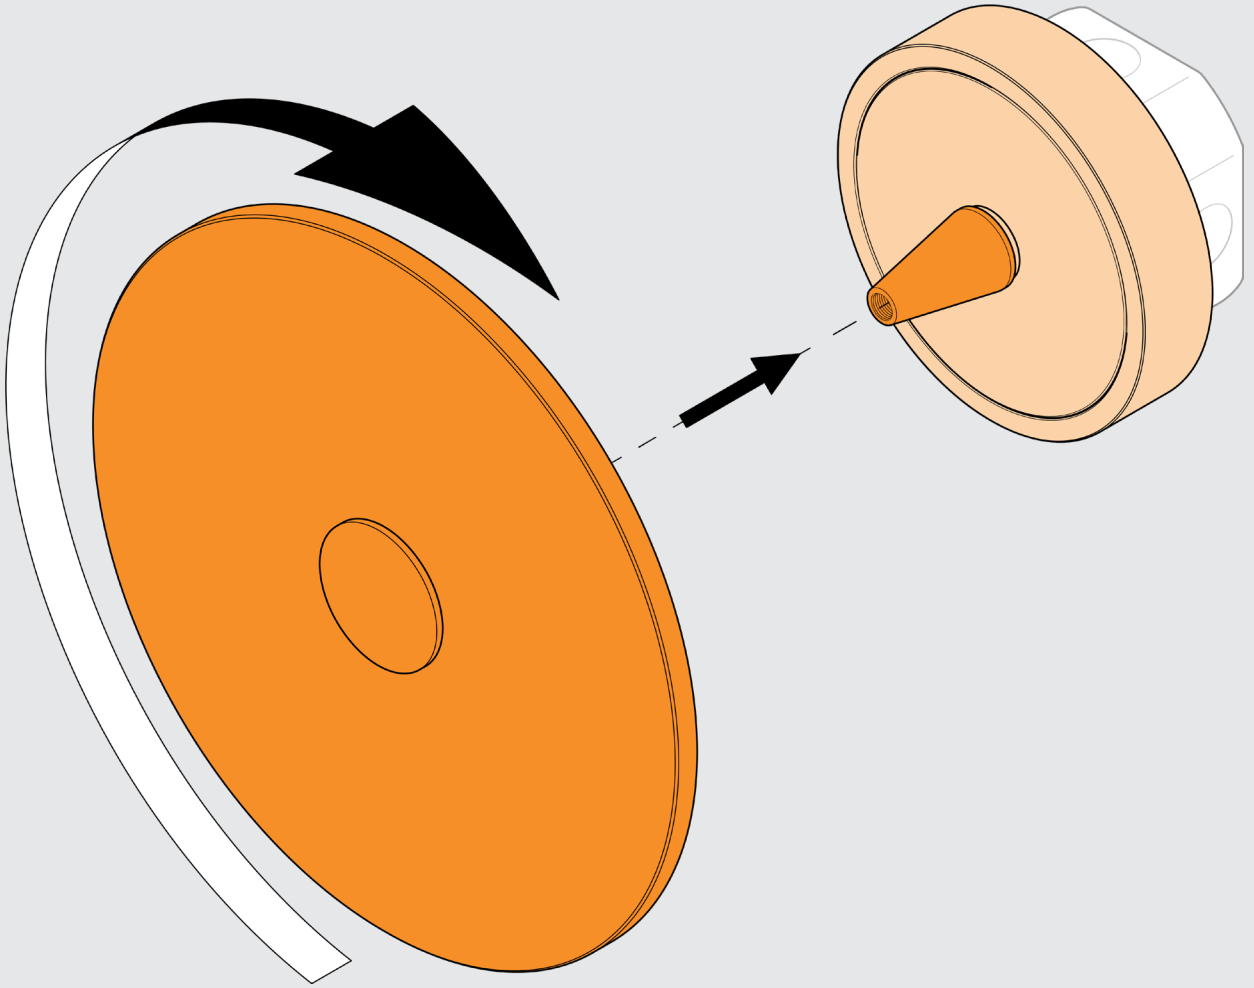
Place the fixture socket back over the backplate and then tighten the four set screws into the fixture socket to secure the fixture socket into place.



8

Screw the fixture body onto the fixture socket to secure the fixture together.



9


Screw the alabaster shade onto the fixture stem.
